(not a fair representation, mind, because
I only look at the latest 5~ pages and there's about 20)

Eh... a yellow person female tries to woo a handsome male but the male seems to only have eyes for the purple person female... eh... the yellow female angered by this, tries to pick a fight with the purple female... we usually call these types of 'characters' unfavorable or doing things not befitting. Usually in these situations we get a love triangle, but since the male has no interest in the yellow female, I guess this is impossible.

Tinky Winky vs. Laa-Laa... the breathtaking battle between Teletubby friends begins~!

The art is great but the story is lacking.. I think you picked vampires just because you wanted a special subject... the story is just... to tell you the truth, it's a little boring for guys to read lol

He's getting used to being a stalker
He has natural talents to be a stalker lole!

_ what i with the guitar_, the electric guitar wasn't here haha like that and wasn't here somethey called mic-unit _ looking at the head and like body, that's not an ovm guitar but an electric. Overall there's a song in it just some likes. Woo hoo! Can't wait to hear the song! Ah, I'm so excited! Ah, I'm so excited! ^^ I'm excited to play the electric guitar in the band, but there are differences in scale and chords between the electric guitar and the acoustic guitar so even if I've could was the acoustic guitar instantly, she could only play simple chords

##comments from the author's blog:

sigh, I was in such a rush and forgot to give credit to the members of Riddim for their awesome song!

The song inserted in this chapter was Stand_By_Dreams, by Riddim
I chose the first one that would fit in the situation out of the three songs they released
I'll also introduce you to other newer songs in the future
*Their songs are very good. They're great! Please give them all your support ^^*

http://music.naver.com/album/index.nhn?albumId=110837
(the song information can be found here!)

I'll also be continuing with the music with Riddim and I'm curious as to what will come out
So look forward to each new chapter. ^^ That's all

Thank you!

Hello, this is Seok Woo.
I've caught a nasty flu bug and had to bring out this special chapter instead

I can't draw due to this fever.

I made the difficult choice of resting instead of forcing myself to do this, as it's better for me.

I'm not in a right state of mind so I wasn't sure what to show, but I picked things out from here and there.
I don't think it's that special, to be honest. Ha.

Please enjoy the chapter.

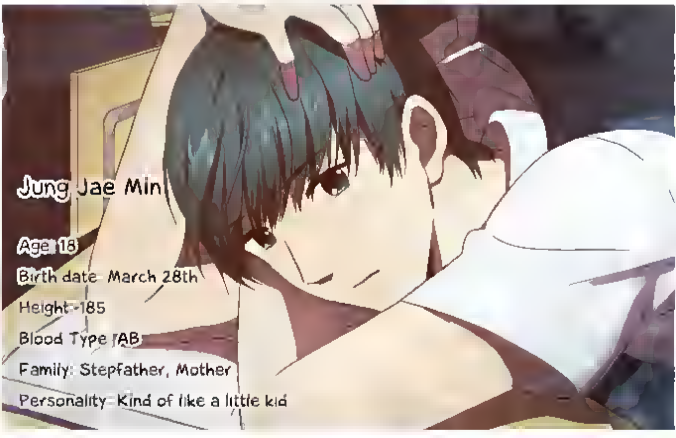
SPECIAL CHAPTER

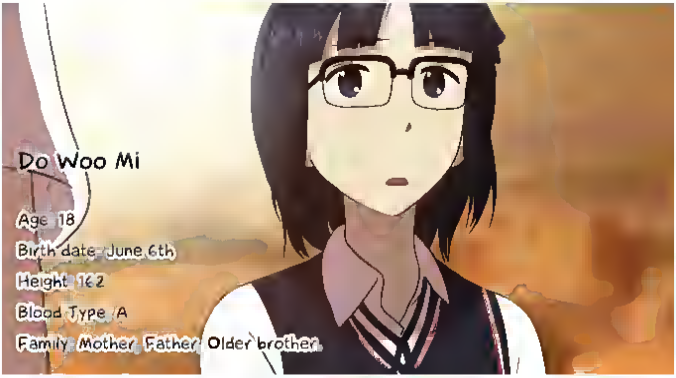
Baek Ma Ri
Age: 18
Birth date: November 15th
Height: 163 cm
Blood Type: Unknown
Family: Both parents and one younger brother
Personality: Dense and isn't interested in her surroundings

Initially, Ma Ri was a little more gentle than what she is now.
She only had the image of being an ice princess.
But with various things happening, she had some more variety in her character.
I can't predict how she would become in the future and I'm looking forward to how she changes as well.



Jae Min has changed a lot from his initial concept.
From his image to his personality... to be honest, he didn't take up this much of the first part.
So I guess, depending on how he acted, the whole synopsis was affected a lot
You're difficult to deal with, you bastard

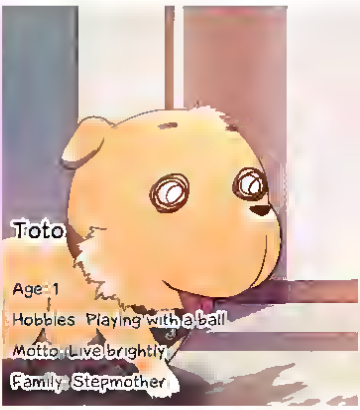
She's my favorite character, Soo Ri.
In the synopsis, she had a lot more parts in the story than Jae Min.
She had a lot of parts taken from her, in various ways.
There was one episode where Jae Min took over what Soo Ri was supposed to do,
But I'll reveal what that one is when the comic is over. Ho ho.



Some people have said that she'd be beautiful if she took her glasses off. Here's someone at the (fan)cafe who posted an image of her without her glasses, and she *was* pretty cute. Heh.

She's the same image as the *Age 17 Miracle*'s Jo Ak Dol

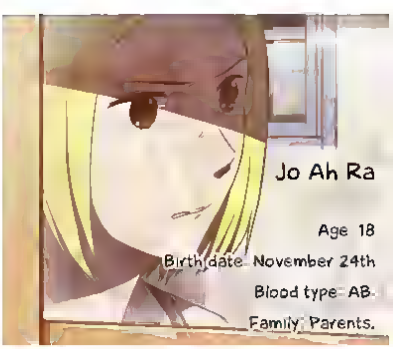
*Age 17 Summer Miracle is one of Seok Woo's old webtoons



The cool-minded Ma Ri's aunt and our Toto.
If there was a secret, Toto came from chapter 4 when we were planning out the script.
The conversation between Ma Ri and her aunt was a little boring
so I added him in for humor.
I was glad it was warmly received.
If I didn't put him in then, I think that he wouldn't exist now,
and that makes me care more about him.
(I better make Toto a girlfriend)

Our cute little Joseph.
As the script took form, he started to
take on bigger roles
He is in charge of the humor with Toto.

Our sole villain, Jo Ah Ra.
But the villain doesn't really feel
like a villain. Heheh. (she might
not even be one .)
I'm looking forward to how her
character changes. So cute



He's a new character that will show himself little by little.
I'm planning to go a little differently from the initial concept on the left
Since I'm going to change him, I've put his character in a mosaic.
What kind of character will he be... look forward to it.

Production Process

<Within Spaghetti Restaurant>
-Sang-yun? Delivery?
Ma Pil takes a bite and farts
(what's so good about this... feel like throwing up..)
Woo Mi says
-Doesn't Joseph need to eat? Wouldn't he be hungry
No, don't worry. He had lived at Kindergarten.
-Really?
Joseph quite as he watches them eat pasta deliciously
Soo Pil says as she sees this,
-Oh~ Yeah do you want to try a bite, Joseph? Ah~
-Ahhhmg
After a short while
-Phuah phuah
-Yuck
-Hmm
He frowns and glared at Soo Pil
-Sry
Ma Pil thinks.
-Shit why do keep smelling this scent? It's so strange)
Ma Pil hide...rossed.
Joo Min is exhausted over at his table
-Ah I thought I was going to die have long has a they been out for? After the department store, the arcade don't they get tired?
He picks up a spoon
-Ehh seriously
Soo Pil says
-Wasn't Kristen totally awesome before?
Ma Pil Says
-yeah they were pretty cool
Soo Pil and Woo Mi's discussion
-That vocalist was so charming.
-Yeah, I wanted her signature
-We could perform like that too right?
-Of course~
Ma Pil silently observes Soo Pil talking and looks.
-Don't she upset about anything?
As image of Soo Pi at the hospital.
-(How can she laugh like that...?)
Joseph discovers a rat that runs after it
Soo Pil gets a phone call.
-What now? Thought you didn't want me around. Why are you calling me constantly~? Many okay I'll buy some on the way back. Many okay Bye!
-Miss that you, mother?
Yeah she wants me to come back soon Geez~
-She must be bored Hehh
hey, how old is she?
huh?
-I'm just curious. If you don't want to tell me that's fine
They say it's cancer
?
It's been 5-years. She's already had an operation but it keeps reappearing... they say that a complete cure is difficult now
-It keeps reappearing because she doesn't listen to her daughter geez~
Isn't it hard for you?
-What is?
You always seem so stylish when it must be difficult for you
Yeah it's difficult it was really hard at times. But, what would change if I like depressed like that?
-No matter go up me a prize and the disease isn't going to go away
-I just live my life to the fullest in all
-And on top of that I have been depressed Ph I have it... have it!
-Let's not bother with his boring talk that has a some doesn't doesn't
Yeah, go and shower, I may try it.
-Really? Ah yeah
-Ma Pil what do you want?

Story
This is part of chapter 22
I write the story like that in Word and see how the flow goes
(This requires about two days and if I'm not happy with the story it can take up to four days)

Script + Sketches
This is part of chapter 18
I plan the script on the computer and sketch on top of that
(the script takes half a day and the sketch takes a day
If there's a lot then I need two days)

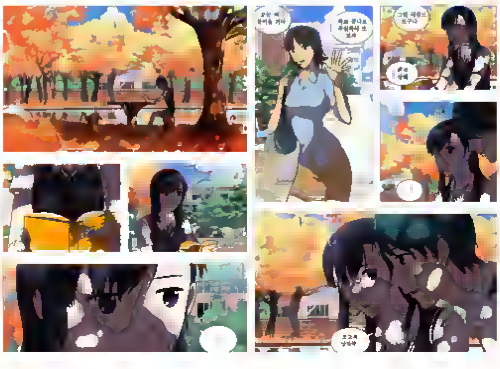
Pen touch
I tweak the script here and there and pen over the sketch
I don't think too much and just follow the lines
I either have the radio on or watch some variety shows
Of course I only listen to it
(A day)

Putting In text
When the pen lines are finished
I send the file over to the assistant and while the
assistant puts in the basic colors and shadows I put in the text.
I have to edit the text depending on the flow so it
takes a little while
(5 hours)

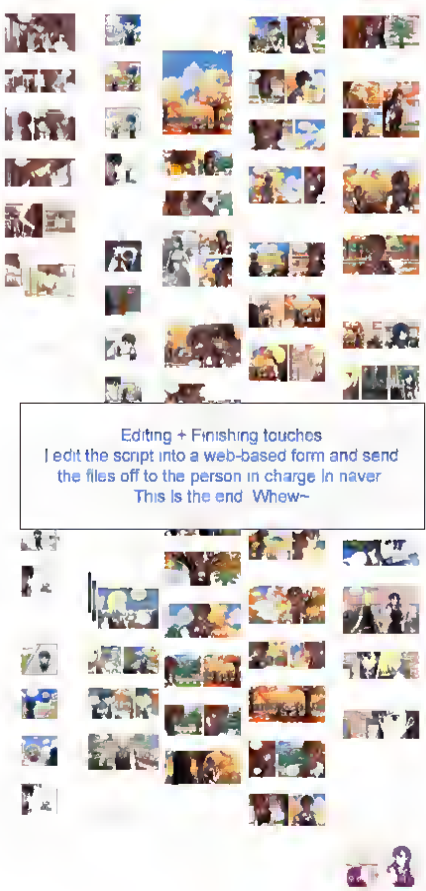
Editing shadows
After receiving the file from the assistant I edit the shadows
Depending on the mood or the direction of the light
I edit the shadows as needed
(3 hours)

Background work
I plan for the background that goes in this scene
I even try to draw the first cut s background to fit the web
(half a day)

Adding in backgrounds
Now all I need to do is add everything together
Depending on the situation, I may add in some blur effects
or take some color out.
(3 hours)



Adding effects
Using Photoshop's highlight layer effects
I grab the color depending on the mood of the whole chapter
Doing this step really well can give me an extremely beautiful drawing
(5 hours)



Editing + Finishing touches
I edit the script into a web-based form and send the files off to the person in charge in naver
This is the end Whew~

Background Work

The complete view of the city
This is the first background I drew when prepanng this comic
People asked why I drew Japan as a background
But the photo I referenced isn't Japan but
The old Bu Cheon city view
I just took a little artistic liberty with it Heh

The process
is like this

AND AS ALWAYS, Q & A

Q. I was looking at the chapter released on May 28th, and the road Ma Ri and Jee Min were standing on was very familiar to me~
Do you live close to there or I was curious how you knew about that street heheh
-socy from the {fan}cafe

A. I live there If you see someone standing out taking photos then just think it's me

Q. I know this might be a little weird of a question... why did you choose a shoujo* with vampires?
-Orange eye from the cafe
* I can't think of an English equivalent

A. I always thought from a while back, on why vampires have to look awesome... or why they have to live in the dark or kill people and was very curious about all of this. While I was preparing this, I wanted to portray them as having the same feelings as humans... or somewhat, not quite as full as us. And if they had the same feelings as us, then they would have their own pains as well and thought to deal with this. The shoujo was initially there for amusement, but it became a necessity now.

Q. I'm someone studying art. If you do post a special chapter, then please reveal your process and how long it takes!! If you can, including the backgrounds!
-Omai Love*
* (Orange MALmalde - there's a trend of shortening everything, apparently.)

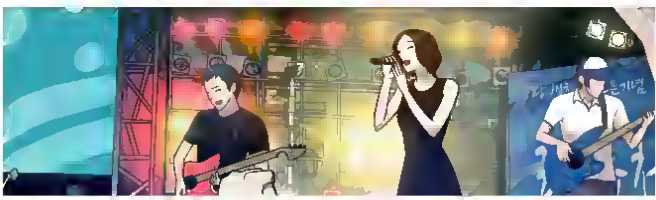
A. Scroll up please.

Q. What was your greatest worry starting this project?
-I love you

A. Well, I guess I'm slightly worried how drawn out it has become. Synopsis-wise, they should have solved a problem by now, but while trying to detail the story, I feel it's gotten a bit long. When the male protagonist and female protagonist meet, they only banter words.
At first, I thought to try to start this with a light-hearted feeling, but as it goes on, I feel something heavy weighing down on me.
But I like how this is the first time that I'm not restricted by genre or rules and can run my story as freely as I want, and I enjoy every minute of it.

Q. How do you know the band Riddim?
-dhgpgp*
**if you type that on a Korean keyboard mapping you get 오헤헤, which just means a laugh (Ohehehe)

A. They called me first after seeing chapter 8's Get Me Out of Here They provided music that provided a good mood to it and I'm really thankful for them There are a few songs in the Marmalade OST not revealed yet but story-wise I can't use them yet I want to hurry and reveal them
Ah, I'm planning to go all the way to the end with them



I'm a fan of the vocalist Yoo Mi

CHAPTER 25: BIRD THAT CANNOT FLY (PART 1)

TAK

WHEW

WOAH~

YEAH. I GUESS

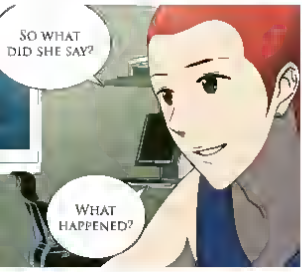
THAT HAS NO
ABILITY FOR
PATIENCE~



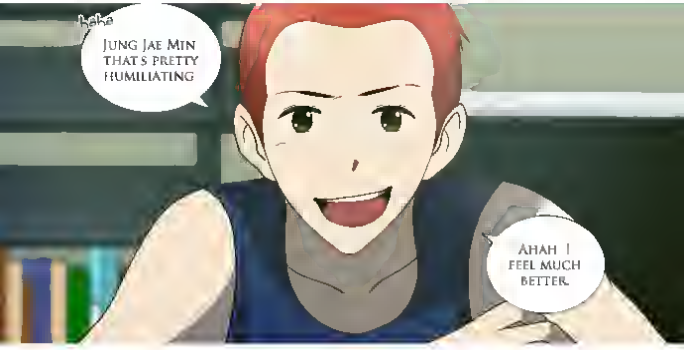
So what did she say?
What happened?

She turned me down
What? Really?

She'll always run away from me

Run away?

I don't know. She always runs away when she sees me
Nothing I do brings us closer.



haha
Jung Jae Min that's pretty humiliating
Ahah I feel much better.

Geez I have no idea how I became like this
I didn't know liking someone would be this difficult
What am I supposed to do?

Maybe you tried to force yourself on her.

You know without considering what she's feeling

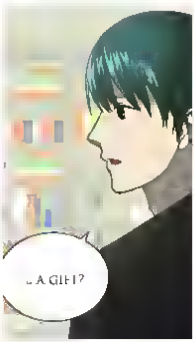
I'm right?! I knew it

Then what do I do? You're just saying that because you don't know her.
She won't look at me if I don't do what I'm doing

Still if you keep bothering her it may make her hate you more
Keep some distance and try to approach her slowly
I'm keeping my distance thank you very much!

Or do something that may buy you some favors
Like what?

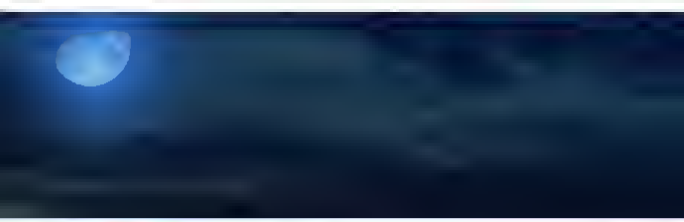
Hm~
How about
a gift



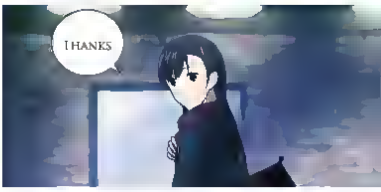
.. a gift?

Su
Come on
get real. She's
not someone
that'd like stuff
like that

Hey. Is your
phobia cured
now or
something?
You had
a lot of stress
from that
I don't
care. I hate
everyone else
aside from
her.



WELL DONE TODAY~ HAVE A SAFE TRIP HOME



THANKS

I feel like Ma Ri knows him

Has she fallen for him?

The face was in a mosaic, it's ridiculous
that someone would fall in love through that, right?

I can see through the mosaic

Isn't it her uncle? It seems like the uncle
do you think she'd leave Jae Min?

He looks like Han Si Hoo! He was introduced in that special chapter!! He looks similar! The hair's white as well! Han Si Hoo! You were a vampire!!

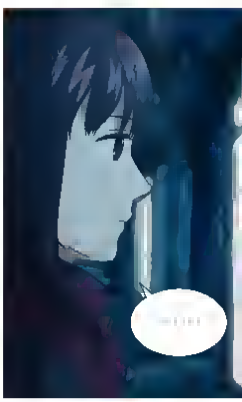
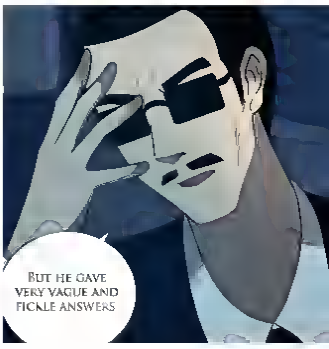
WE'VE GOT THESE SUPERIOR BODIES THAT CAN'T EVEN COMPARE TO YOU HUMANS

WOAH~ THAT'S PRETTY AMAZING ISN'T THAT CG?
WHAT'S SO GREAT ABOUT THAT? IT'S DISGUSTING IF YOU ASK ME



After we kept asking various questions



But he gave very vague and fickle answers

Q. Is blood delicious?
Shall I have some of your blood now huh?
Yeah it's good What you gonna do about it?

Q. Don't you have side dishes?
Are you crazy?!

CHUK

All of you being arrogant watch yourselves
We have a limit to how much we can take

If you don't want us to cause a fuss then watch your necks and live quietly
You got me?!

What did that monster just say?
Is he out of his mind?

TUK

And after the interview
He came to us carefully and begged for more money

BUT WHEN WE REFUSED HE CURSED AND DISAPPEARED
Bloody humans
JWAH

Geez, look at that crazy guy
YOU IDIOT!

SO SINCE WE DIDN'T LEARN ANYTHING NEW FROM HIM
WE FOUND VIA RUMORS A VAMPIRE SPECIALIST

HEY THIS IS NO FUN NOW I FEEL LIKE CRAP NOW LET'S GET A DRINK

CHUK

HELLO EVERYONE!
I'M THE PROFESSOR THAT HAS ONLY BEEN STUDYING VAMPIRES FOR THE PAST DECADE PROFESSOR VAMP

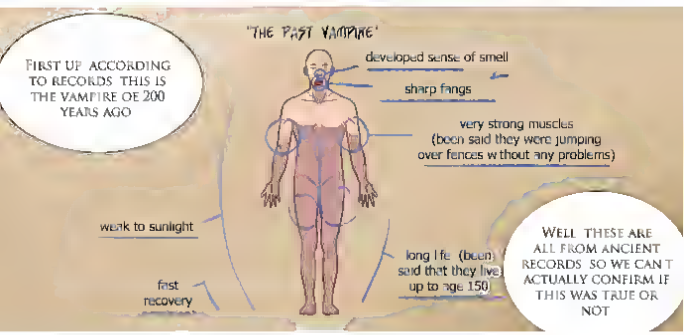
SPARKLE SPARKLE

AH THESE ARE FALSE TEETH~
I HAVE THEM ON TO BETTER UNDERSTAND HOW THEY LIVE
DOES IT FIT ME? OHOHOHO!!

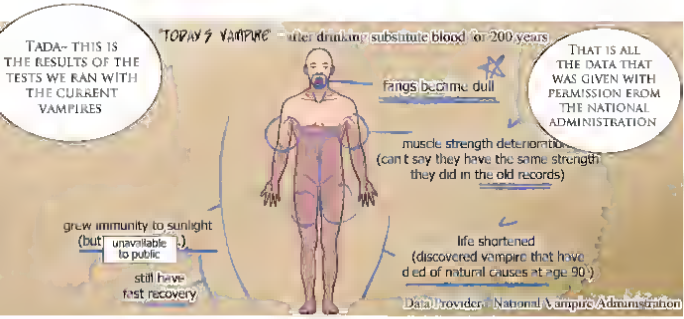
GLARE

WE APOLOGIZE PLEASE BEAR WITH HIM~

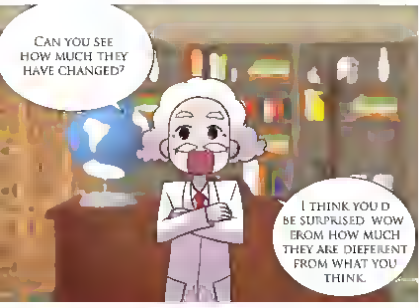
OKAY THEN SHALL WE BEGIN?
FEAST YOUR EYES ON THIS CHART



FIRST UP ACCORDING TO RECORDS THIS IS THE VAMPIRE OF 200 YEARS AGO
'THE PAST VAMPIRE'
developed sense of smell
sharp fangs
very strong muscles (been said they were jumping over fences without any problems)
weak to sunlight
fast recovery
long life (been said that they live up to age 150)
WELL THESE ARE ALL FROM ANCIENT RECORDS SO WE CAN'T ACTUALLY CONFIRM IF THIS WAS TRUE OR NOT



TADA~ THIS IS THE RESULTS OF THE TESTS WE RAN WITH THE CURRENT VAMPIRES
'TODAY'S VAMPIRE' - after drinking substitute blood for 200 years
THAT IS ALL THE DATA THAT WAS GIVEN WITH PERMISSION FROM THE NATIONAL ADMINISTRATION
fangs become dull
muscle strength deterioration (can't say they have the same strength they did in the old records)
grew immunity to sunlight (but unavailable to public)
still have fast recovery
life shortened (discovered vampire that have died of natural causes at age 90+)
Data Provider: National Vampire Administration



Can you see how much they have changed?
I think you'd be surprised. Wow from how much they are diefferent from what you think.

You probably have no idea how hard it was to collect all that data as well.
They never listen to anything I say hau hau

The funny thing I discovered while researching them was
That vampire families are quite rare nowadays

They are not interested in childbirth, are very free-spirited and lack cooperation skills
I think those tendencies are the reason why the number of vampires have stayed constant after the government's purge

You could say it's their limit
SPARKLE

What's he talking about

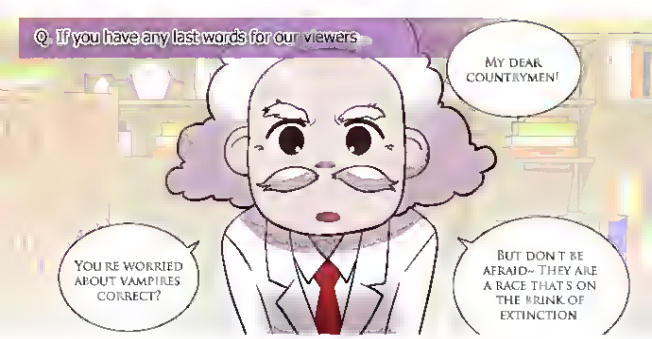
Q. I have a query.
If they start drinking human blood again,
will their old features reappear?

Oh ho!
That's a very
interesting
idea!

su
su
I've got
something
to
research
Oh-oh!

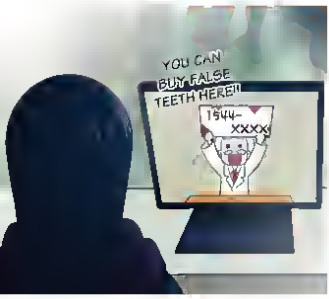
Anyway
what I want
to say is
The vampires
you see in the
movies with super
strength do not
exist in the world
of today
In other words
they took the
past vampire and
wrote a work
of fiction~

But the movie
was really
exciting
I was on
the edge of
my seat



Q. If you have any last words for our viewers
My dear
countrymen!
You're worried
about vampires
correct?
But don't be
afraid~ They are
a race that's on
the brink of
extinction

THEY'RE NOTHING NOW!
SO THROW THOSE SILLY FEARS AWAY
AND EVERYONE CAN STAY PEACEFUL~



YOU CAN BUY FALSE TEETH HERE!!
1544-XXXX

WE COULDN'T TRUST 100% OF WHAT THIS SPECIALIST SAID
BUT WE HAD TO BELIEVE THAT THE INFORMATION THE NATIONAL VAMPIRE ADMINISTRATION GAVE WAS

ORIONSTAR GIVES US SOME GOODIES:
Reading through Seok Woo's blog, I found (a week after the chapter) that the previous chapter 27 actually had a song to go with it. (the guys at naver didn't put the right version up until Monday)

You can go to the comic now and listen, or listen to it here: http://soundcloud.com/user3547597/drawing-etude#play

WHY U LATE?

A couple of reasons.
Mainly, Seok Woo didn't have the chapter up on Friday as scheduled because this was a "very important chapter" and he wanted to spend the time he needed to complete it.
Therefore, the chapter was delayed by a day on Naver.

That and Thina and I (otakumiki) had too much fun on Labor Day weekend.

(lol jk. A lot of things came up. Real Life bites you know? But we took it easy.)

Enjoy the chapter!^^
